

# ICAR-ATARI, Kolkata signs MoU with NIH under Ministry of AYUSH, Govt. of India

*1<sup>st</sup> February, 2024, Kolkata*

A Memorandum of Understanding was signed today between ICAR-Agricultural Technology Application Research Institute, Kolkata and National Institute of Homoeopathy (NIH) under Ministry of AYUSH, Govt. of India, Kolkata, for development of Homeopathic Medicine using medicinal plants and organising welfare medicinal camp by NIH for generating data on health-related issues to formulate future strategies of health management in rural areas.

Dr. Pradip Dey, Director, ICAR-ATARI, Kolkata and Dr. Subhas Singh, Director, NIH, signed the MoU on behalf of their organisations.

ICAR-ATARI and NIH are partnering for development of the agriculture sector/ animal husbandry sector by the application of homoeopathy medicine and to try better quality of food and healthier and nutritious crops. NIH will make efforts to take up welfare medicinal camp in different KVKs as well as generating data on health-related issues of the region to formulate future strategies of health management, especially of peasantry.

The signing and exchange of the Memorandum of Understanding was witnessed by Dr. Kumaravel V., Head, Department of Pathology, NIH and Dr. A. Haldar, Principal Scientist, ICAR-ATARI, Kolkata.
