

Field day -cum- input distribution under NICRA adopted village organized

4th March, 2024, Cooch Behar

Field day -cum- input distribution under NICRA adopted village at Chhat Singimari organized by Cooch Behar KVK under the jurisdiction of ICAR-ATARI, Kolkata today. Dr. Pradip Dey, Director, ICAR-ATARI, Kolkata visited several demonstration plots under different modules of TDC-NICRA such as NRM (Zero-tillage maize, rice seedling development for RTP, vermicompost production unit), Income Generation Activities (piggery, goatery), Climate Resilient Technology plots, Multi-Tier Cropping, Orchard Development etc. He underscored the importance of NICRA to augment the resilience of agricultural systems including livestock farming in the face of climate change. He has also distributed critical inputs to the beneficiaries under NICRA adopted village. He also met with the VCRMC members and suggested different measures to strengthen the VCRMC for future prospect for the betterment of the farming community of the village. Dr. Bikash Roy, Head KVK, Cooch Behar and other Staff of KVK and VCRMC members present on the occasion.
